Surveillance

Smarter Home Security

Never be more than a few clicks away from monitoring your home and those who are important to you. Easily control your doors inside and out, day or night, and speak with visitors from any location in your home. You'll enjoy the utmost security with our high-resolution camera offerings.

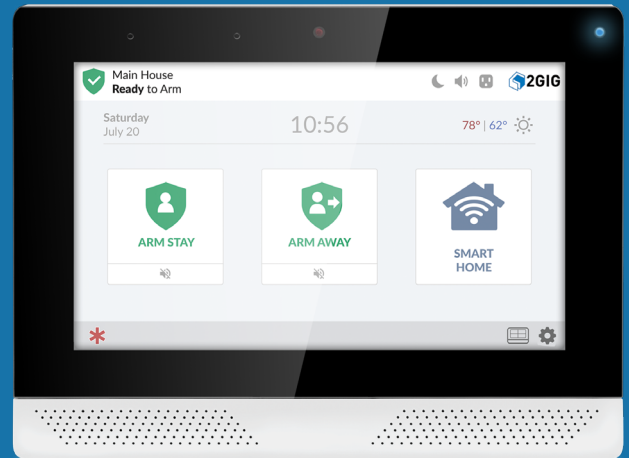

Home Security

Peace Of Mind In The Palm Of Your Hand

Monitor your home—from any smartphone or tablet. You don't even have to get out of bed to see your networked cameras. From checking for intruders, to deliveries at the front door, or who has come and left the house safe and sound.

With one touch you activate the security alarm and the lights come on. A smart home is a safe home. And your family's well-being has never been more secure.

Structured Wiring

It All Starts Here—Where Beauty Meets Brains

At the heart of your home is a centralized home connection center – a superior way to route traditional home wiring and the most modern way to distribute entertainment services within your home.

The Home Connection Center is where it all comes together. Signals from the outside world (telephone, cable TV, satellite, internet) enter the Home Connection Center and are distributed throughout the house.

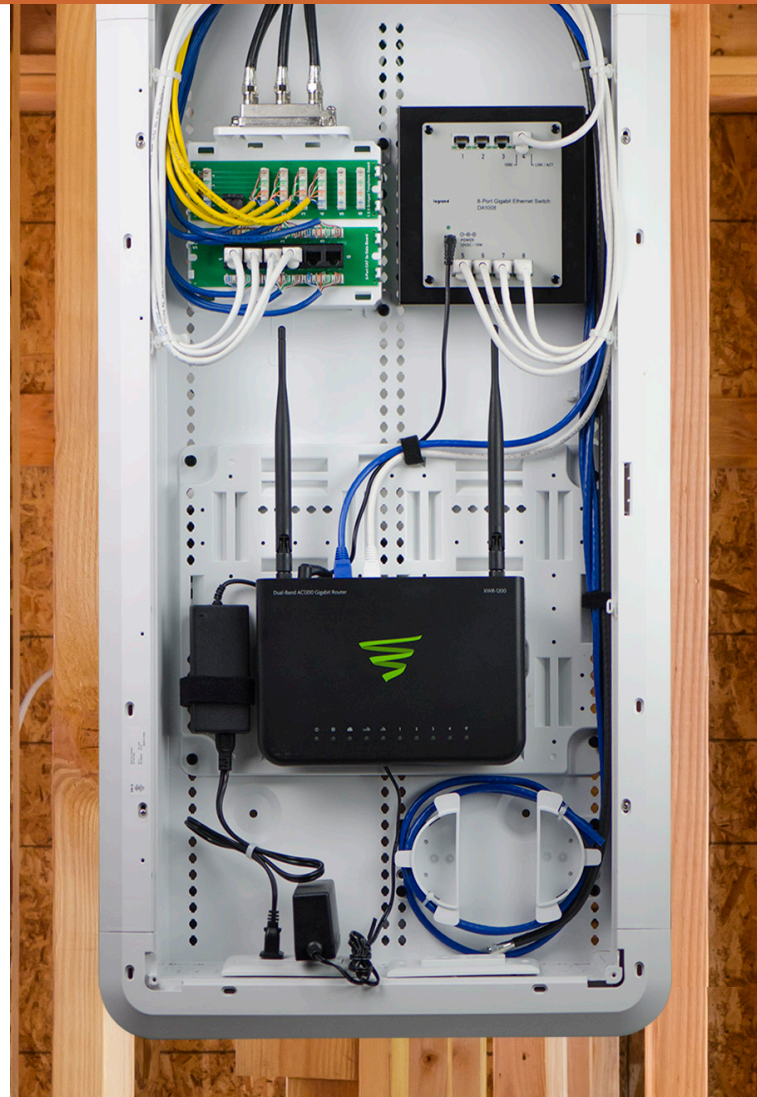

Structured Wiring

- Home Connection Center*
- CAT6 to every Data/Phone
- RG6 to every TV location
- Incoming Services (1 Cat6e & 1 Coax)

Options

- Wireless Access Point (WAP) for enhancing your wireless network within your home
- Front door communication
- Additional TV locations
- Additional Data/Phone locations
- Additional multimedia locations perfect for streaming media and smart TVs (data, TV, and phone)
- Active networked home
- Recessed flat panel TV pre-wire

*Modules pictured are sold separately. Number of Cat6 & RG6 locations vary by builder/neighborhood/model.

Home Automation

Complete Control At The Touch Of A Screen

Set a romantic after-dinner scene complete with mood lighting and your favorite music all from your smartphone. Control lighting throughout the entire home from a touch panel and turn off lights that the kids left on.

Or better yet, let your smart home do it all automatically.

ELAN[®]

HunterDouglas | Décorview

Energy Savings With A Simple Swipe

An energy management system allows you to take control over your monthly energy bills and lower them! Program your window shades to track and respond to the heat from the sun. Set your AC to auto-adjust to the morning, day, or evening temperatures.

Use built-in sensors to turn off lights when rooms are empty.

Home Theater Packages

Big Theater Sound

There's no better time to invest in a home entertainment system. Home theater system can bring movies, music, sports and video games to life in your main room – simply and easily.

We make built-in home entertainment systems elegant and effortless - without any impact on your home decor.

We have designed 3 unique home theater packages for various lifestyles and budgets.

Movie Time

Concealed, high-performance audio system with in-ceiling speakers and amplification

Enhance sound in the primary media space and throughout the home. (5) speakers can be angled to the listening area for directed sound without taking up any wall space. Subwoofers are built into the wall, not taking up any floor space whatsoever.

Includes:

- (1) Network AV Receiver
- (5) In-ceiling angled speakers
- (1) Dual 8" in-wall subwoofer
- (1) 520 watt Class D subwoofer amplifier

Soundbar & Sub Only

An affordable way to start building your home theater system

Includes:

- (1) 3-channel passive soundbar
- (1) Triple 8" 400 watt floor standing subwoofer

Surround Sound (pre-wire only)

A home theater pre-wire option is the cost effective way to get your new home ready for a brand new speaker system whenever you are ready for it to be installed.

Basic Surround Sound

Sound bars produce room-filling, lifelike acoustics. These soundbars are stylish and powerful, allowing you to hear your movies and music like it was for the first time.

Includes:

- (1) Network AV Receiver
- (1) 3-channel passive subwoofer
- (2) In-ceiling rear speakers
- (1) Triple 8" 400 watt floor standing subwoofer

Whole Home Audio

Your music, your home, your space – let's get wired for uninterrupted rock!

True listening freedom with built-in access to endless music options. Play Pandora in your kitchen, iTunes in the den, or the same song throughout the entire house. Offering flexible wired and wireless solutions as well as seamless integration into advanced control systems.

Users can take control with an in-wall fixed-location option or by using intuitive Apple or Android apps for tablets and smartphones.

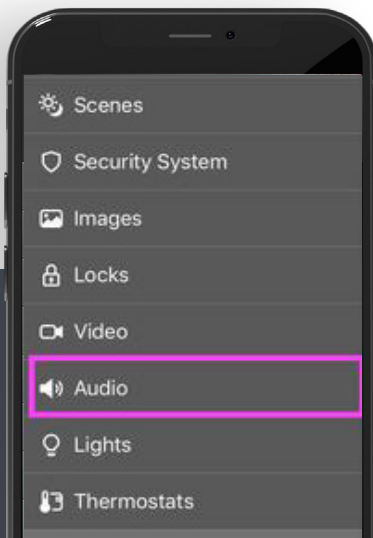

Music by the Room

Build a whole-house audio system, one room at a time - and easily control it from your smart phone or tablet.

Play your favorite streaming stations and services through a pair of high-performance stereo in-ceiling speakers and amplification.

Options available for 1/3/6 rooms

Outdoor Living

Build-Your-Dream Outdoor Kitchen

Grilling is a way of life. Castle Protection brings together the finest grills and outdoor kitchen components to create a stunning environment for cooking and entertaining.

We customize your space to suit your lifestyle including wine refrigerators, bar accessories, sinks, cook tops and storage all built within a flawlessly designed island.

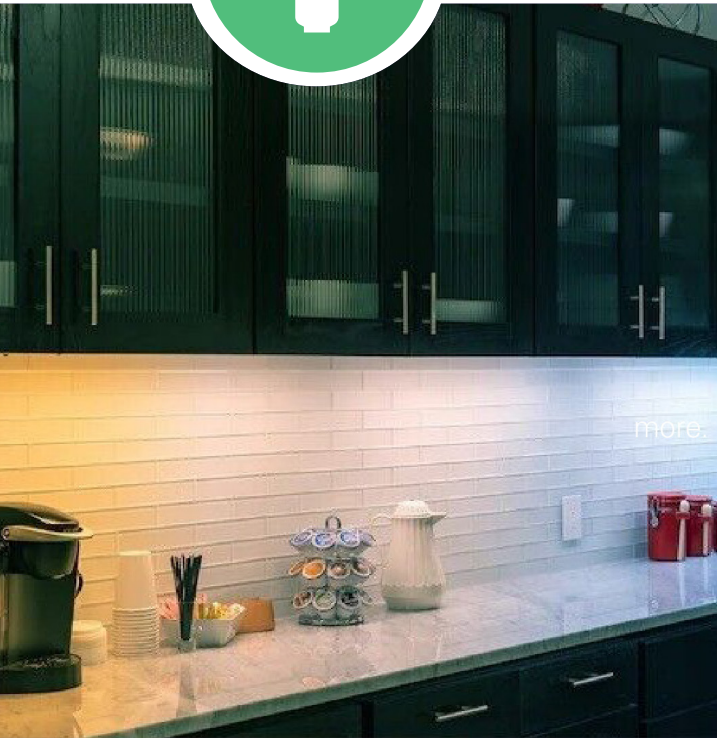

Entertainment and Control in the Great Outdoors

As crystal-clear audio fills the air, your backyard oasis instantly becomes a hotspot for entertainment and fellowship. Or kick back and relax to your favorite mellow tunes as you lay by the pool. Either way this is outdoor living at its finest.

Lighting

Transform Your Home With The Latest In Indoor Lighting Technology

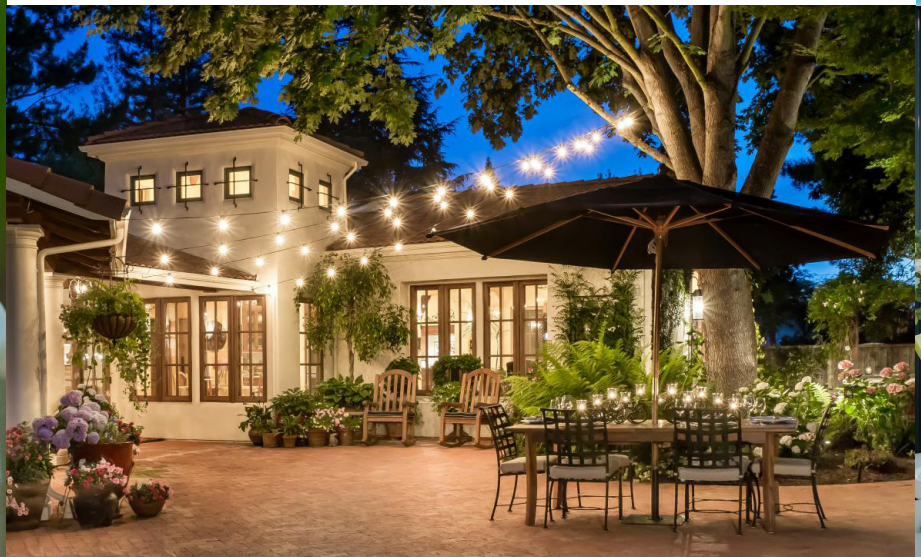

Quality lighting is an important aspect of our daily life, and is often taken for granted. Give your home an elevated by adding functional lighting to your kitchen, pantry, laundry room, home office and more.

With Wi-Fi control you can manage your fixtures from anywhere. Easy On/Off, dimming, white select, voice activation, scheduling and much more.

Outdoor Lighting Lets You Enjoy Your Property After Dark

Just because the sun goes down, you should still make the most of your evening. Whether you want to keep enjoying the pool, watching the kids play, or simply relax on the porch swing, having a well-lit outdoor space lets you maximize your time outside.

Outdoor Shades

Cutting-Edge Smart Window Shades

Designed to elevate your outdoor living experience. Castle Protection offers a range of technologically advanced and stylish window coverings that can be seamlessly integrated into your smart home system.

From motorized blinds to automated drapery, Castle Protection provides innovative solutions that allow users to control natural light, privacy, and ambiance with just a touch through smart home platforms.

Smart Film

Smart Film offers on demand privacy for any space and shape. With On/Off control and smart system integration you can enjoy full control of privacy in your backyard with the touch of a button.

Central Vacuum

The Vacuum System That Changes With Your Every Cleaning Need.

Vacuuming should be convenient, easy and even a little fun. With the Chameleon™ Retractable Hose System, it can be all three! Unlike other central vacuum systems, there is no bulky hose to carry around. Instead, the Chameleon hides the hose inside the vacuum tubing.

For powerful cleaning, simply Pull. Vacuum. Retract.™ Each hose covers up to 2,200 square feet of living space!

The Easiest Way To Vacuum Your Garage

Vroom Retract Vac® is part of the SpeedZone family of products for every day vacuuming. Great for quick clean-ups! Just pull out the length of hose you need, vacuum the mess and retract the hose back into place.

Top Electronic Brands

Products and Workmanship have a 12-Month Warranty

Castle Protection will label all security and structured wiring panels, and signed agreements with their phone number and website. This makes it clear that in the event of a problem you are able to contact **Castle Protection**, giving you peace of mind the issue will be resolved.

Strategic Brands With quality products and outstanding customer service, your smart home integrator offers you the most requested brands within the low-voltage industry.

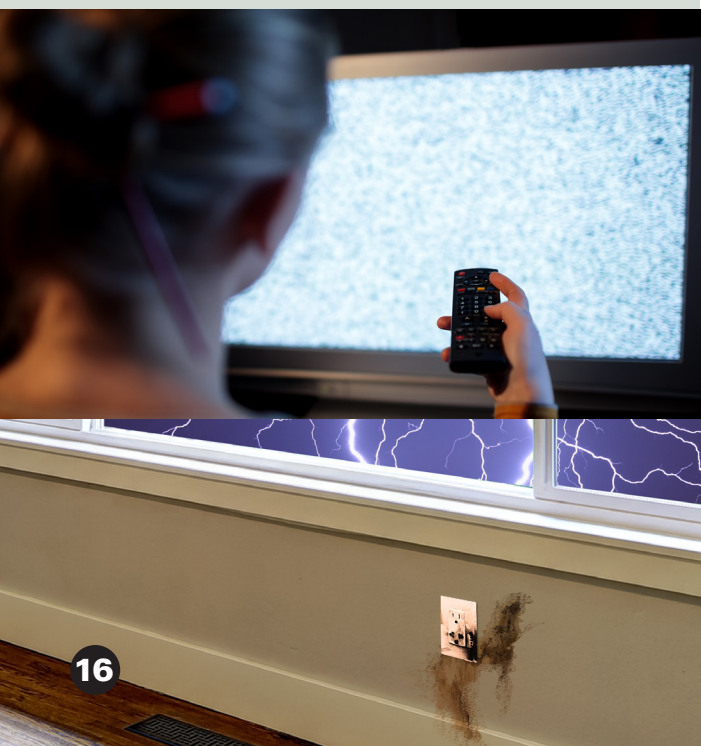

Extended Warranty

Service When You Need It

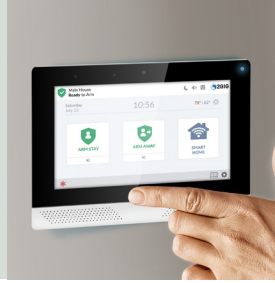

You'll have added peace of mind knowing that your purchases will be fixed or could be replaced if something goes wrong. If you are having trouble with a product, you'll have immediate access to an authorized service professional who can diagnose the problem.

Designed to help manage the cost and inconveniences of covered product failures, a Quality Service Plan (QSP) can be purchased for just a fraction of what you could pay for service repair.

- Saves time since you no longer have to search for a repair company to fix your damaged merchandise
- If a covered product is not repairable, it could be replaced with a new model
- Many of our service plans offer on-site repair for added convenience

FREE Setup and Training!

Let's out-smart your new Smart Home

As part of the orientation, a **Castle Protection** representative will come to your home (FREE of charge) to provide you with the key to unlocking all the features and benefits of your new home technology systems including:

- Explanation of system operation
- Removal of all preset codes
- User codes set-up
- Show you how to set up event notifications
- Customizing your system for the safety and protection of your family
- Answering any questions

Thank you for reviewing the **Castle Protection** Smart Home brochure. You can contact us anytime.
